What is Experiential Travel?

Experiential travel transcends mere sightseeing—it's about learning through exploration, creation, discovery, and connections with the world. Structured yet flexible, it encourages travellers to immerse themselves in local life. Rather than simply visiting tourist attractions, travellers engage with locals, participate in cultural activities, and experience daily life firsthand. The aim is to grasp the region's culture, traditions, and way of life, truly absorbing the essence and spirit of the place.

The Story Behind Incredible India Tours

Incredible India Tours is the heartfelt creation of your hosts, Bhanu and Divya, who have always believed in adding personal care and attention to every travel experience. Their journey began during their involvement with Rotary Youth Exchange programs, where they took pride in giving each participant a warm, personalised experience. However, they often felt disheartened seeing how large travel companies brought enthusiastic tourists to India but missed offering them the personal touch and genuine care that are the very essence of Indian hospitality.

As parents and passionate travellers themselves, Bhanu and Divya realised that many youth exchange trips and tours were reduced to commercial transactions—focused on ticking boxes rather than creating meaningful cultural connections. They wanted to change that.

Experiential Learning Through Travel

This vision led to the birth of Experiential Learning, a venture dedicated to creating personalised, experience-rich journeys that go beyond typical tourism. At Incredible India Tours, we invite Rotary and Lions Club Members along with their families, friends and Non-members, from across the world, to experience India in a truly authentic way.

Our tours are thoughtfully designed to help you explore India's culture, heritage, philosophy, economy, and way of life. We aim to deepen your understanding of the country and its people, offering moments that are enriching, enlightening, and unforgettable.

What Makes Us Different?

With Bhanu and Divya as your hosts, every tour is crafted with love, attention, and genuine care. These are small-group, customised experiences where you won't just be a tourist—you'll be treated as a friend and guest of the family. You'll immerse yourself in local traditions, participate in cultural rituals, and engage with communities in a way that makes you feel part of the vibrant tapestry of India.

Since starting in 2018, we've proudly organised eight Incredible India Tours without a single unhappy guest. We are meticulous about your comfort, ensuring every detail—from food and health to schedules and logistics—is handled with utmost care. Our guiding philosophy is **Atithi Devo Bhava** —"**The Guest is God**"—and we strive to live by it from the moment we first connect with you.
We promise this will be more than a trip; it will be a life-changing experience that leaves you longing to return.

If its India, It has to be Experential!
